# Automatically Yours Program

We make it easy for you to read. Nobody likes to be "last in line." Let us put you closer to the front of the line for new popular fiction by your favorite authors.

Choose your favorite authors and check the ones you want to receive. Sign and date the brochure and we will place holds on those authors whenever a new hardcover book is published. You can make changes to your AY list any time. If the library adds or deletes authors from the list we will notify you via a new brochure.

The program applies to NEW hardcover fiction. Paperbacks are not included.

**You will be notified when the item comes in, just like any other HOLD, via phone or email.**

**This program is extended to SCLS patrons living in the Marshall area who use Marshall as their home library.**
